

Amendments to the Claims:

This listing of claims will replace all prior versions, and listing, of claims in the application:

Listing of Claims:

1. (original): A pharmaceutical dosage form comprising at least one active ingredient and destined for administration to pregnant women, said pharmaceutical dosage form bearing pregnancy-friendly indicia adapted to graphically confirm the non-teratogenic aspect of the pharmaceutical dosage form.
2. (original): The pharmaceutical dosage form of claim 1 wherein the dosage form is an oral dosage form.
3. (original): The pharmaceutical dosage form of claim 2 wherein the dosage form is a tablet.
4. (original): The pharmaceutical dosage form of claim 1 wherein the at least one active ingredient comprises at least one vitamin.
5. (original): The pharmaceutical dosage form of claim 1 wherein the at least one active ingredient comprises the active ingredients pyridoxine HCl and doxylamine succinate.
6. (original): A pharmaceutical dosage form comprising at least one active ingredient and destined for administration to pregnant women, said pharmaceutical dosage form bearing pregnancy-friendly indicia adapted to graphically confirm the non-teratogenic aspect of the pharmaceutical dosage form, said indicia being in the shape of a graphical illustration of a pregnant woman applied to the dosage form itself or to its packaging.
7. (original): The pharmaceutical dosage form of claim 6 wherein the dosage form is a tablet and the graphical illustration is applied to the tablet surface.
8. (original): The pharmaceutical dosage form of claim 6 wherein the at least one active ingredient comprises at least one vitamin.

9. (original): The pharmaceutical dosage form of claim 6 wherein the at least one active ingredient comprises the active ingredients pyridoxine HCl and doxylamine succinate.

Claims 10-34 (canceled).
